

SPORTING EVENTS.

Indianapolis Wins at Keokuk—The Mets Defeat the Pittsburghs—Baltimore Drops a Game at Louisville—Races at Nashville and Lexington.

Special to the Sentinel.

Keokuk, May 7.—The Indianapolis Club won the game here to-day by a score of 10 to 4. Errors—Indianapolis, 3; Keokuk, 8. Base hits—Indianapolis, 11; Keokuk, 4. Morality, left fielder of the visiting club, was sick, and Murray, the new catcher, played this position. He made two wonderful running catches, and is evidently a thorough ball player. Attendance small on account of cold weather.

A Spiritless Contest.

Pittsburg, Pa., May 7.—The Metropolitan defeated the Pittsburghs this afternoon in a long drawn out and spiritless contest. The feature of the game was Brown's hit over right field fence, the longest hit ever made in Union Park. About 2,000 persons witnessed the game. Score by innings:

Metropolitans.....1 2 0 0 0 0 0 0 1
Pittsburg.....0 0 0 0 0 0 0 0 1

Cushman Was Batted Freely.

St. Louis, May 7.—The weather was very cold here to-day and the attendance at the game between the Athletics and Browns was quite light. Cushman was batted very freely by the home club, who won about as they pleased. The visitors were weak both in the field and at the bat. Score:

St. Louis.....0 4 5 1 0 0 2 1-13
Athletics.....0 0 1 0 0 0 0 0 1-2

A Close Game at Louisville.

Louisville, May 7.—Twelve hundred people sat in the cold wind this afternoon and watched the Louisville and the Baltimore in a close and exciting game. The visitors could not hit Hecker, while Burns was hit freely. A phenomenal one-hand catch by Wolf in the right field, and a three-bagger by Reccius, which won the game, were the features. Following is the score by innings:

Louisville.....1 1 0 0 0 0 0 1-3
Baltimore.....0 0 0 0 0 0 0 1-2

A Cold Day for Brooklyn.

Cincinnati, May 7.—The thermometer was below 50° at the ball park to-day, and only 500 persons assembled to see the first appearance this season of the Brooklyn team. The visitors made several costly errors, and this, with good batting by the Cincinnati and the wild delivery of Terry, lost them the game. Cincinnati.....3 0 1 0 0 0 0 0-4
Brooklyn.....3 0 1 0 0 0 0 0-4

AS USUAL, THE COW BOYS WIN.

Kansas City, May 7.—Innings:

Kansas City.....4 0 0 1 0 0 2 0-7
Cleveland.....0 0 0 1 0 1 3 0-5
Base Hits—Kansas City, 8; Cleveland, 8.
Errors—Kansas City, 3; Cleveland, 3.

The Nashville Races.

Nashville, Tenn., May 7.—The weather was cool and clear, and the races to-day were very largely attended. The track was slow from yesterday's heavy rains.

For the first race, purse \$250, mile heats, the starters were: Fair Count, Henry Brown, Tallyrand, Bennie Australian, Slocum, Saunterer and Kansas. Saunterer, the favorite, won in straight heats, Tallyrand second in the first heat, and Slocum second in the third. Time—1:51, 1:50.

Second Race—The mixed stakes for two-year-olds and fillies, \$25 entrance and \$400 added, five furlongs. The starters were: Bruton's pair, Uncle Dan and Strong Batter; and Gillock's pair, Edgewise and Bordenaise. Bordenaise won, Strong Batter second, Uncle Dan third. Time—1:56.

Third Race—The Kirkman stakes for all ages, \$25 entrance and \$500 added, one and one-half miles. The starters were: Madison and Father Jones. Koenisko won by a neck, Madison second, Father Jones third. Time—2:53.

Fourth Race—Selling, purse \$250 and \$50 to the second, one mile. Starters: Filly B. Adventure, Carson and Brooklyn. Filly B. won, Adventure second, Carson third. Time—1:50.

Races at Lexington.

Lexington, Ky., May 7.—The attendance at the track was excellent and pool selling lively. The track was in fine condition, notwithstanding the rain of last night.

First Race—One mile, purse, \$300, with nine to start. Malaria brought in auction pools \$100, Silvio \$50, John Henry \$25, field \$25. The race was won by Malaria, Ero second, Silvio third. Time, 1:48.

Second Race—\$175 for place, for two-year-olds. B. G. Brice brought in pools \$150, Bankrupt \$120, Syntax \$50, field \$150; with thirteen to start, distance, five furlongs. The race was won by Bankrupt, Wandero second, Brookfield third. Time, 1:04.

Third Race—Three quarters of a mile, for all ages, purse, \$300 in auction pools Lord Clifton brought \$30, Anna Woodcock \$20, Banana \$20, field \$10. The race was won by Lord Clifton, who pulled up lame, Woodcock second, Banana third. Time, 1:17.

Fourth Race—Hurdle, one mile; eight to start. Piney, favorite, Worth, Jade Jackson won by a length, Piney second, Worth third. Time, 1:57.

THE BROOKLYN HORROR.

Search for Missing Bodies Continued—The Pieces of Human Flesh.

Brooklyn, May 7.—The first things found this morning in the ruins of the terrible catastrophe on Monday in South Brooklyn were two small fragments of human flesh. Almost the first spectacle of ashes that was dug up bore its fruits, a piece of livid flesh was scraped by the blade of the tool and laid bare to sight. A few moments later another small piece of flesh, in which the veins and nerves were visible, was uncovered and laid beside the first. Superintendent Goff said: "I called at police headquarters and was told that there were still seven bodies missing. The doctors who have examined the shapeless black portions of human bodies taken from the ruins reported this morning that all of fourteen persons are thus represented. The number of persons reported missing up to 10 to-day was twenty-one. Of the dead bodies of Henry Durt, Adolph Motas, Frederick Eager and Edward Butler have been positively identified, and men who worked in William Dorst's shop said that Henry Hoffman is undoubtedly among the unrecognizable bodies exhumed yesterday. It is the general belief that twenty-one does not cover all the victims of the calamity, and that when other parts of the ruins are searched more bodies, including those of several young girls, will be found. The place where the dead have been found is in the rear of the west extension, where

the floor fell in, and the men in Dorst's shop were buried in the wreck before the fire occurred. All the persons injured, including Mrs. Henrietta Haas and her daughter, Emma, are doing well and will probably recover.

The trunk of a man and the leg of a boy were found this afternoon in the ruins of the Brooklyn fire. A man named Carlson, a Swede, who worked in the factory, was reported to the police to-day as missing.

LOGAN CONFIDENT.

The Aspect of the Illinois Senatorial Contest Changed—The Democrats Outgeneraled by the Republicans.

Springfield, Ill., May 7.—A dispatch received here from Cass County states that outside of Schuyler County the Republicans in the Thirty-fourth Senatorial District were 50 or 60 ahead, but up to the present hour, 10:55 a. m., nothing has been heard from the former county, although many dispatches have been sent. The Republicans in the House this morning were very confident that Weaver, Republican, had been elected. Schuyler County is claimed to have been the best organized by the Republicans, and was not so strongly Democratic in the last election as the other three counties in the district. The indications are now, without fail, returns being in, the Republican candidate is elected.

The Democrats now concede the election by from 150 to 200 majority. It is understood now that the returns from all the precincts except two are in, but have not been received here. So far the returns give Weaver 170 majority. Senator Johnson, Democrat, sent a telegram to the Joint Committee at New Orleans conceding the election to the Republicans.

12:15 p. m.—Lieutenant Governor Smith has just received a dispatch from Schuyler County, saying that the county gives the Republicans a majority of over 200. This, if true, seems to insure a Republican majority.

Chicago, May 7.—If the Republicans have carried the District it would give them 103 votes on joint ballot. If Sittig and the other anti-Logan Republicans should consent to abide by the caucus decree it would insure the election of a Republican to the United States Senate.

The Senatorial aspect has been materially changed by the events of the past forty-eight hours, and Logan's chances appear very much better although it is not positively known yet what Mr. Sittig will do. That gentleman left for home as soon as it became fully apparent that Weaver had been elected to-day. The general impression here is that he will fall into line when the time comes, although he feels sore over the abuse which he received with Shaw. Logan is now confident of his ultimate success. The Democrats admit that they were outgeneraled in this matter, and blame themselves for being to lax.

AN EYE-OPENER.

Conservation Begins in the Chicago Board of Trade, Caused by a Decision of United States Circuit Judge Baxter, at Cleveland.

Chicago, May 7.—Messrs. Higgins & Gilbert, a Board of Trade firm, has been thrown into consternation by a decision, yesterday, of United States Circuit Judge Baxter, at Cleveland, O. The firm sued an Ohio speculator named James McCreas for \$32,000 for losses made, it was claimed, on trades by him. The Judge not only refused to give the Chicago firm this judgment, but summarily ordered, on the other hand, that the defendant be given a verdict against the Chicago plaintiffs of \$21,000. This result, growing out of a technicality in bookkeeping, has disclosed to all the other members of the board that they are in imminent peril of being treated in exactly the same way, and has created as much consternation among the members as it has to the firm immediately concerned. Just before the McGeech lard corner collapsed in May, 1883, Higgins & Gilbert bought for James McCreas a lot of lard and pork. He lost a good deal and put up \$18,000 in margin. All the rest was bought for August. Finally McCreas said he would put up no more. H. and G. kept the lard, they claimed, until August, and then sold it out at a loss of over \$30,000. Then they sold for the loss. On the trial it was discovered that H. and G. had very soon after the purchase "rung up" the trade. It was also disclosed, however, that the firm, that while they had kept "long" just as much pork and lard, they had not on their books in McCreas's account substantiated any new contracts after they had disposed of the original "ringing up." It is said that only three members of the board are in substantially the same boat. The loss of \$30,000 to this concern has, however, disclosed the peril and so shocked the fraternity that there is certain to follow a complete revolution in the Board of Trade book-keeping. The point in the suit between H. and G. and McCreas did not turn on the principle of gambling, but resulted from the fact that H. and G. did not make substitution for offset contracts as regards Section 7, Rule 23, of the Board of Trade.

Crop Estimates.

COLUMBUS, O., May 7.—The State Board of Agriculture furnishes the following:

"The condition of crops, etc., on May 1 in Ohio was as follows—Wheat—Area, 95 per cent; condition, 69; probable total bushels, with good weather, will harvest 22,871,339, as compared with a five years' average of 41,005,247. Rye—Condition, 65; barley, 49; meadows, 82; pastures, 79; spring plowing done May 1, 66 per cent. of the usual amount at the same date.

From official and other telegrams and letters, estimates of the probable wheat crop in twenty other States are made and tabulated. In this connection he says that the estimated shortage is 150,211,919. Assuming the States not heard from to yield a full average crop, we have a probable shortage of 150,000,000 bushels of wheat, as compared with the five years' average, or over 200,000,000 bushels as compared with last year's fall crop, which was 500,000,000 bushels.

THE COLD WAVE.

A Widely Extended Area Affected—Ice of Varying Thickness Formed at Various Places.

MILWAUKEE, May 7.—Reports received to-night show that the cold wave of last night and to-day extended throughout Southern and Central Wisconsin. The temperature dropped to several degrees below the freezing point. Ice nearly an inch in thickness formed in many places. Early vegetables have suffered, but small fruits and crops are not sufficiently advanced to be injured to any extent. In Rock County considerable damage was done to tobacco.

CHICAGO, May 7.—The Journal's Janesville (Wis.) special says: "A powerful wind storm set in from the northeast last night, and the thermometer fell to twenty-eight degrees above zero, making ice a quarter of an inch thick. Tobacco beds suffered severely. The thermometer stood at thirty-eight degrees above zero during to-day, which is the coldest ever known here in May."

BURLINGTON, Iowa, May 7.—The thermometer ranged two degrees below freezing point here last night. Ice formed half an inch thick. Small fruit was badly damaged, but no field crops were injured.

St. Paul, Minn., May 7.—Considerable snow fell in this section yesterday and last night. The thermometer fell below freezing, and reports have been received of water pipes freezing.

Des Moines, Iowa, May 7.—Three-quarters of an inch of ice formed here last night. Serious damage to fruit is feared. A cold wave struck Iowa last night, and at some places, west of here, ice formed half an inch thick, and the thermometer was four degrees below freezing after sun rise. Some damage has been done to small fruits, but field crops do not appear to be hurt much.

KANSAS CITY, Mo., May 7.—The Journal's Omaha special says: "Heavy frost here last night, ice forming a sixteenth to an eighth of an inch in thickness. The weather is still cold to-night. Some damage to fruit and vegetables."

CHICAGO UNIVERSITY GROUNDS.

The Heirs of Stephen A. Douglas Begun Suit to Prevent its Being Transferred for Other Than Educational Purposes.

CHICAGO, May 7.—The heirs of Stephen A. Douglas began suit to-day in the Superior Court, asking that the Chicago University property be transferred from its present holders to them. The property is advertised for sale next Saturday to satisfy a judgment of \$300,000 secured by mortgages, and there appears to be a prospect that the university trustees will not be able to keep it from going into other hands, and possibly into hands that will devote it to other than educational uses. This is the principal ground of the petitioners. They are Stephen A. Douglas, Jr., and Mrs. General Williams, and Robert H. Douglas, United States Marshal of North Carolina. The bill sets forth that on November 10, 1856, Stephen A. Douglas deeded ten acres of land to the trustees, to be devoted to educational purposes, and that in this deed it was stipulated that there must be no sale or alienation of the property, and that it was the intention of Mr. Douglas that only educational interests should be benefited by his gift. On the ground that the property seems now likely to be diverted from this use, the petitioners urged that in default of the carrying out of Stephen A. Douglas' wishes in regard to the same, the property rightfully belongs to them, his heirs. It is thought that the filing of this bill will make business men chary of investing upon the occasion of the sale.

Crop Estimates.

COLUMBUS, O., May 7.—The State Board of Agriculture furnishes the following:

"The condition of crops, etc., on May 1 in Ohio was as follows—Wheat—Area, 95 per cent; condition, 69; probable total bushels, with good weather, will harvest 22,871,339, as compared with a five years' average of 41,005,247. Rye—Condition, 65; barley, 49; meadows, 82; pastures, 79; spring plowing done May 1, 66 per cent. of the usual amount at the same date.
